CityLYNX Gold Line Construction Update – Monday, July 9, through Friday, July 13

Staff resource: John Lewis, Transit Director, 704-336-3855, john.lewis@charlottenc.gov

Charlotte Area Transit System (CATS) will provide ongoing updates (as needed) to council on the status of the Gold Line construction project. Below is the most current summary of work taking place.

New project updates

- Construction is progressing into Center City Charlotte, with a series of westbound/outbound West Trade Street road closures beginning on Tuesday, July 10. These closures will accommodate underground work including water, sewer, storm water and conduit installation. Access to all businesses and residences will be maintained. Construction staff is coordinating with property owners to ensure seamless access throughout these closures. Significant underground and above-ground construction will continue in Center City over the next 18 months.
- Information regarding closures has been shared with all impacted property managers, NotifyMe subscribers and on project social media accounts. More information on closures can be found on the [CityLYNX Gold Line Phase 2 road closure website](#).
